# WHAT'S NEXT : HOW TO GET INVOLVED IN BAMB AND THE STAKEHOLDER NETWORK

@ LAUNCH OF THE BAMB STAKEHOLDER NETWORK, BRUSSELS

Molly Steinlage Cornet | [Brussels Environment](#)

## OUTLINE

- The Stakeholder Network - What it's all about
- Modus Operandi
  - Two levels of participation
    - General Membership
    - 6 Special Interest Groups
  - Meetings and Interaction
- Who can join?
- How to join

# THE STAKEHOLDER NETWORK – WHAT IT’S ALL ABOUT

## THE PURPOSE OF THE STAKEHOLDER NETWORK

- Broadly disseminate information on the project and its progress to the wider community operating in the building industry in the EU
- Enhance awareness and visibility of the matters connected to the EU’s Action Plan on the Circular Economy related to the built environment
- Enable coordination and collaborative work by allowing actors in the building industry value chain, academia and public authorities to work together within the framework of the BAMB project on 6 thematic areas
- Ensure the pertinence of the BAMB tools and products produced by providing actors within the building industry with an opportunity to directly provide feedback and influence the development of BAMB products
- Provide actors within the building industry with an opportunity to indirectly provide feedback on the EU’s Action Plan on the Circular Economy
- Support the identification of further research opportunities

# THE STAKEHOLDER NETWORK – WHAT IT’S ALL ABOUT

## COMMUNICATION OBJECTIVES

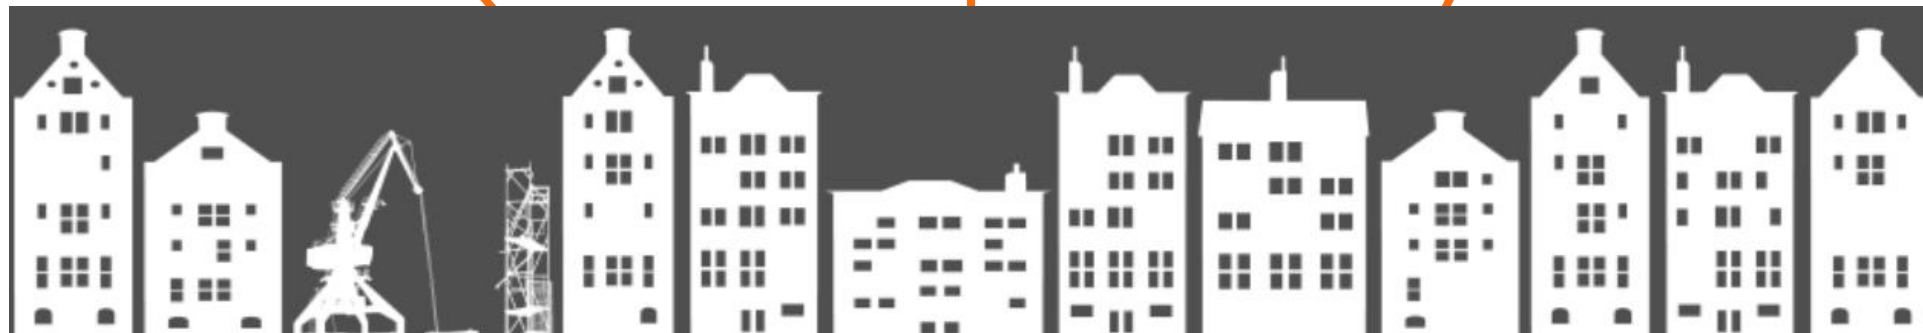

- Ensure that stakeholders are aware of the project, understand its aims and objectives and the results
- Ensure that the project takes into account stakeholders’ realities through the sharing of their field experience
- Raise general awareness of project activities
- Develop a desire amongst the stakeholders to take up project findings and tools developed
- Compile a set of recommendations defining what policies and standards are needed to enable a systemic shift
- Support the discussions and exchanges on the development and achievement of BAMB products
- Promote and diffuse the deliverables developed by the project

## GENERAL MEMBERSHIP

Provide feedback  
to the project

Annual  
Stakeholder  
Meeting

Receive project  
updates and  
newsletters

BAMB Online  
Platform

Opportunity to  
interact with leading  
experts and  
professionals

Access to results  
and findings as  
they arise

## 6 SPECIAL INTEREST GROUPS

1.  
Materials Passports

2.  
Reversible Building  
Design

3.  
Data management  
(including BIM)

4.  
Business Models

5.  
Policies and Standards

6.  
Case Studies  
and Pilots

## SPECIAL INTEREST GROUPS MEMBERSHIP

Direct interaction with  
BAMB partners working  
on a thematic area

Opportunity to  
engage with  
like-minded  
actors

Be consulted on  
end-user  
requirements

Form a  
policy platform

Pre-validation of a  
selection of  
deliverables

Invitation to  
subject-specific  
workshops and  
meetings

May require data and information sharing agreements

## MEETINGS AND INTERACTION

### Meetings

- BAMB Stakeholder Network Annual Meetings to be held for all members

### Additional Interactions

- Workshops
- Email
- Online platform (  )
- Teleconferences

## WHO CAN JOIN?

Producers/suppliers of  
building materials  
and installations

Construction and  
installation firms

Developers/ property  
owners/ facility managers /  
real estate consultants

Architects / engineers /  
advisers

Logistics managers

Recycling and  
deconstruction companies

Policy makers

Researchers

## HOW TO JOIN

WWW.BAMB2020.EU

**ENABLING A CIRCULAR BUILDING INDUSTRY**

**GET INVOLVED**

- STAKEHOLDER NETWORK: GENERAL MEMBERSHIP
- GROUP 1. MATERIALS PASSPORTS
- GROUP 2. REVERSIBLE BUILDING DESIGN
- GROUP 3. DATA MANAGEMENT (INCLUDING BIM)
- GROUP 4. CIRCULAR BUILDING BUSINESS MODELS
- GROUP 5. POLICIES AND STANDARDS
- GROUP 6. CASE STUDIES AND PILOTS

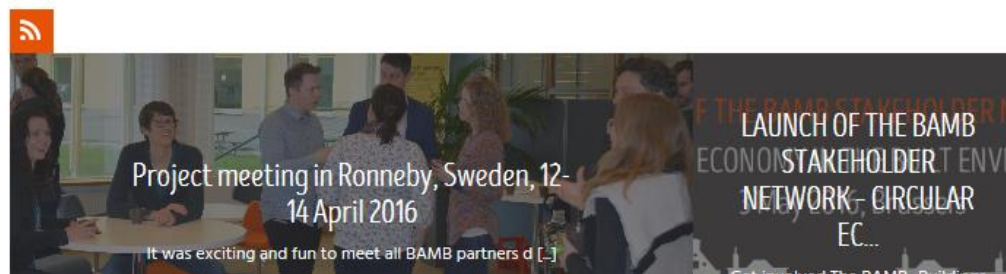

**ABOUT BAMB**

The EU funded BAMB project brings 16 parties throughout Europe together for one mission – enabling a systemic shift in the building sector by creating circular solutions.

BAMB is creating ways to increase the value of building materials. Dynamically and flexibly designed buildings can be incorporated into a circular economy – where materials in buildings sustain their value. That will lead to waste reduction and the use of fewer virgin resources.

## NEWS

# HOW TO JOIN

## SUBMENU

- Get Involved
- Stakeholder network
- General membership
- Special Interest Groups Membership

## JOIN THE STAKEHOLDER NETWORK

### STAKEHOLDER NETWORK PURPOSE

Through the BAMB Stakeholder Network, the BAMB Consortium aims to involve relevant stakeholders in the implementation and the results of the project.

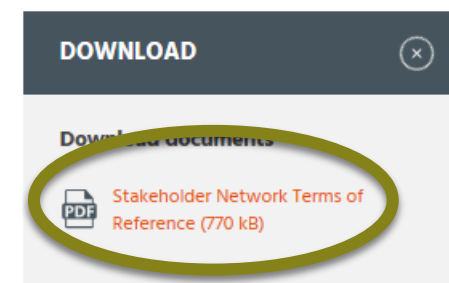

The Stakeholder Network will be used to:

- Broadly disseminate information on the project and its progress to the wider community operating in the building industry in the EU, including materials producers and suppliers, architects and building developers, end users, academics, public authorities, and other interested third parties.

### TWO LEVELS OF PARTICIPATION

Different stakeholders are interested, willing or able to participate with varying levels of commitment and active participation. Therefore, the BAMB Stakeholder network is organised according to 2 levels of membership:

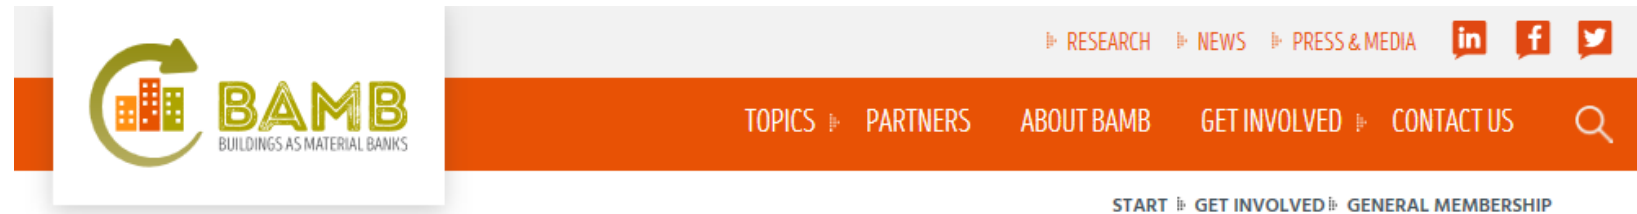

1. General Membership
2. Special Interest Groups Membership

# HOW TO JOIN

## GENERAL MEMBERSHIP

### - IN THE BAMB STAKEHOLDER NETWORK

The first level – General Membership – allows stakeholders to maintain being informed and provides them with the opportunity to give feedback through an Annual Stakeholder Network Meeting.

All members will:

- Provide feedback to the project;
- Be invited to the Annual Stakeholder Meeting;
- Receive project updates and newsletters;
- Have access to public results and findings as they arise;
- Have the opportunity to meet and exchange with leading experts and professionals in the field of circular building;
- Be invited to take part in the BAMB online platform.

### WHO CAN BECOME A MEMBER?

Participation in the BAMB Stakeholder Network is open to all stakeholders in the building and construction industry who are interested in exchanging ideas and knowledge and discussing the information and data needs necessary to enhance the European knowledge base.

Individuals and organisations from target groups are being invited to join the Stakeholder Network and include:

- producers / suppliers of building materials and installations
- construction and installation firms
- developers / property owners / facility managers / real estate consultants
- architects / engineers / advisers
- logistics managers
- recycling and deconstruction companies

SPECIAL INTEREST GROUPS MEMBERSHIP

IN THE BAMB STAKEHOLDER NETWORK

Members of the Stakeholder Network who are highly interested in BAMB, and committed to taking a more active part in the project, are invited to go one step further by subscribing to a second level of membership – Special Interest Groups. 5 Special Interest Groups allow participants to have a more active role in the work being done in 5 thematic areas:

1. Materials Passports

2. Reversible Building Design

3. Data management (including BIM)

4. Circular Building Business Models

5. Policies and Standards

6. Case Studies and Pilots

Participation in one or more Special Interest Groups will allow the BAMB Consortium work package leaders to interact directly with smaller groups of stakeholders throughout the project, calling on them for direct feedback and exchange as well as the possibility of holding workshops.

1. Materials Passports

2. Reversible Building Design

3. Data management (including BIM)

4. Business Models

5. Policies and Standards

6. Case Studies and Pilots
